Sports Ground Clean-Up

Staff from the Bureau got stuck in at Gamesley Multi-Use Games Area (MUGA) cleaning up and making it safe for local young people to enjoy. Along with members of the community, a team from the Bureau worked for three days weeding, clearing litter and removing leaves.

Conversations with local youth groups at the Hangout Club highlighted the need for this work. It became clear that young people enjoyed sports but had limited places to do it. Sometimes they resorted to using local car parks leading to complaints from other residents. Getting MUGA back into use was, therefore, a win-win for Gamesley residents.

In cooperation with Derbyshire County Council, the Bureau's clean up will mean that the lights at MUGA are left on during winter. This will provide a safe, well-lit place for sport over the whole year.

Local artist Scott Clegg, aka Deggy, will paint the goal mouth areas with a design based on engagement with young people who will be using the games area, giving them investment in the process. Exercise and activity group Move More Glossop also joined in the clean-up as pictured to the right.

If you would like to know more about this, please contact by calling 01457 865722 or email info@the-bureau.org.uk

Make A Difference

We need volunteers to support people on their shopping trips, accompanying clients to the shops and carrying their purchases for them.

We want to create a sense of capability and independence for those folks who have struggled during lockdown.

Volunteers can then come back and have a brew and a natter, play some games, and have fun!

If you're free on a Monday afternoon, get in touch!
