

Health and Wellbeing in Glossopdale

This newsletter is created by The Bureau in collaboration with Glossop Health Team, High Peak CVS and Derbyshire County Council Public Health.

COVID-19 News Update

- Sadly there is another new strain of Covid-19 creating a surge in cases. This is called 'Eris'.
- Symptoms are essentially the same but include a runny nose, headache, fatigue, sneezing and a sore throat specifically.
- As per all other strains, it's important to consider keeping away from work/social situations if you are infected - current suggestions are to isolate for 5 days to prevent the spread of this strain, particularly among more vulnerable members of our communities.

Vaccine Updates

Glossop Health Team are planning the Autumn & Winter Covid Vaccination Programme and will be contacting eligible patients from the 18th September. These will still take place at Simmondley Medical Practice.

The Bureau is looking for Gym Buddies!

Some people lack confidence in attending alone, are unsure how to get the best out of the session, or just want some company. There's loads of benefits to a workout partner; motivation is a major one!

If you're looking for someone to work out with, get the added bonus of the volunteering feelgood factor and get in touch today!

Update on Health and Social Care in Glossop

On 1 July 2022 there was a change to the way health and social care is delivered in Glossop as responsibility for the health element moved from the NHS in Tameside and Glossop to the NHS in Derby and Derbyshire.

The responsibility for making these improvements sits with Integrated Care Systems (ICSs). In Derby and Derbyshire, our ICS is called Joined Up Care Derbyshire which is a partnership of the local NHS, local authorities and local voluntary, community and social enterprise organisations, all now working more closely together on behalf of our communities.

The local organisation responsible for health is NHS Derby and Derbyshire Integrated Care Board (ICB) and we pledged in 2022 that no services would be changed before 1 July 2023 as a result of the boundary change. This date has now passed, the pledge has been met and as had been promised prior to the change to the boundary, residents in Glossop have continued to be able to access health services in exactly the same way. We now believe that this will likely be the situation for the long term in most cases. In the time since making the pledge, ICB staff have been conducting a desktop review of the services currently provided in Glossop and those provided in the former Derby and Derbyshire CCG area to understand where there is any variation. There are more than 200 services and contracts in scope for this review and it has therefore taken time, with more still to do.

However, what the review is finding so far is that there are only a handful of differences, most of which will not result in any significant change to service provision. Where there are obvious differences, these mostly relate to clinical policies where criteria are applied at the point of referral to a particular – usually very specialist – service, which will mean that the vast majority of routine healthcare accessed by Glossop residents will continue to be accessed in the same way without change. This includes GP services, hospital care, ambulance and community services. The review period will hopefully conclude during autumn 2023, and where variation to services is confirmed this will be the subject of discussion with affected service users where this is required and possible.

We understand that health and social care is very important to people and we continue to work with local partners in Glossop to share information and to listen to what matters most to you. If you have any questions please contact us at ddicb.enquiries@nhs.net

Glossop Suicide Prevention Day Celebration Event

Join us and our partners from across Derbyshire for a free day of activities, raising awareness of suicide prevention. Suicide is the biggest killer of people under 35, and is entirely preventable. We will have information about training, support on offer, crafts, singing and many other things!

Come along to Norfolk Square in Glossop from 10am to 2pm on Saturday 16th of September to see what it's all about.
